Prepare your finances before arrival

If you are about to travel to Canada, please ensure you have sufficient funds on hand and an online payment method to sustain yourself and your family during the possible self-isolation period. It may take 14 days or more for you to be able to access your funds upon your arrival. Stay up to date on travel regulations [here](#) as they may change frequently.

Please call your local branch to book an appointment or [book an appointment online](#) to access your funds as soon as your self-isolation period (if required) is complete, should you not show any COVID-19 symptoms. You can find your preferred branch contact information via our [branch locator tool](#).

Please ensure you bring the required documents with you when you visit the branch to open an account:

- Permanent Resident
 - Permanent Resident Card or confirmation of Permanent Residence
 - One additional piece of government photo ID, such as a passport or Canadian driver's license
- Foreign Worker
 - Work Permit (1442 Form)
 - Foreign Passport

[Sign up](#) for our email program to get helpful information, notifications, and more.

What to expect when you arrive – do your research

Housing

The cost of living can vary drastically depending where you settle. In general, larger cities will be more expensive than smaller town. Make sure you do your research so that prices do not take you by surprise. Depending on your budget, you will likely want to allocate 25-35% of your income to housing (see Budget slide).

Food

Variances in cost of living will also affect food prices. Depending on your budget, you may want to consider allocating 10-15% of your income to food.

Utilities

Make sure to check if your rent includes utilities, such as heat, hydro, and water. Depending on your budget, you may want to allocate 5-10% of your income to utilities.

Online shopping

Ensure you bring sufficient funds from your home country to do shopping for necessities online. Be prepared to pay with an online payment method as some places will not accept cash. Depending on the online store, look into alternative payment methods, such as credit cards from your home country, PayPal, or electronic transfers. Click [here](#) for more tips on tips on how shop safely.

**Let us help you
manage your
finances.**

Importance of managing your money

Setting financial goals and monitoring them regularly is one of the keys to a strong financial future

One of the ways to plan for a successful financial future is to understand where you are today. It is important to develop a reasonable budget that will help you to manage your daily expenses while still setting aside money for the future.

Budgets should be customized to your lifestyle and goals, here are some guidelines to consider:

Pay yourself first and setup automatic savings contributions

Ensure you have enough money to cover your everyday costs as well as plan for those unexpected expenses

Allow for unexpected costs – set aside an emergency fund

Set reasonable and achievable goals and monitor your progress regularly

TIP: Make a plan and stick to it

Saving doesn't happen automatically – it requires a plan. A spending plan or budget will help you keep track of and manage your expenses so that you can meet your financial needs today and in the future. Book an appointment with your local branch once you arrive – your financial advisor can help you create a plan.

Importance of savings

What is a savings account?

A savings account is a good place to keep funds that are not required on a day-to-day basis.

Put your money aside for later

Savings accounts provide some interest on the money in the account, but it can be withdrawn at any time.

What are some ways that you can save money?
(e.g., budget tracker, cancel unused memberships)

TIP:

- Put the equivalent of 3-6 months of salary in a savings account that can be used as a 'rainy day fund' in case of emergency. When unexpected expenses arise, you can use this fund instead of your other savings.
- Manage your expenses in the beginning by limiting your purchases to your immediate needs only.
- Set up a regular automatic monthly contribution on your account to ensure your savings grow.
- Work with an advisor to plan out your savings goals as part of your overall financial plan.

Steps to complete your settlement in Canada

Settlement Agency

Contact the nearest settlement agency near your place of residence. They can help you with the following:

- Applying for government grants
- Resume preparation
- Free courses and language training
- Interview opportunities

Bridging Programs

- Research online for bridging programs in your field of study. Many provinces provide free or subsidized education curriculum to help you enter the workforce in the industry of your experience.
- Use public libraries to access internet and study for interviews/ learning programs.

Find a Job/ Set up a Business

- Check out videos online to prepare for interviews
- Use LinkedIn to connect and socialize with professionals in your industry and request a meet and greet for mentoring and guidance.
- [Scotiabank has donated to organizations like Windmill Microlending](#) who provide loans to newcomers for schooling and setting up their business.
